

## ASTROLOGERS: FOUR FREE MOBILE WEB APPS

March 24, 2011

By Michael Erlewine ([Michael@Erlewine.net](mailto:Michael@Erlewine.net))

Dear Astrology Facebook Friends,

We are serious about providing a wide variety of mobile web-apps on astrology, Tarot, I-Chine, Runes, and many other topics. They are coming soon.

I could use your help.

Just try these out and let us know what you think. If you hate them you can always private-message me on Facebook or contact me by email.

There are four web-apps running now from a single mobile menu. Just go to:

Don't have a mobile phone with Internet? Try this, although it may stretch across your screen.

Your dear Facebook friend Michael wrote the text for all of these mini-reports and within a day or so you will be able to order the complete reports, although it will cost money for the full report. The four free mini-reports are:

- (1) Moon Time – Provides you the Moon's sign, degrees & minutes, and an interpretation for the current Moon-Sun aspect, plus the dates and times for the next New Moon and Full Moon, the combined tidal force component, and the Tibetan/Hindu lunar day for dharma practice (1 to 30).
- (2) Friends & Lovers – Find out how compatible you are with your partner, a friend, or a co-worker. Report is a no-holds direct statement of the potential for a given pair.
- (3) Life-Path Report – This mini-report comments on how money and wealth will flow to you or how you will have to work to obtain it. The full report is very detailed about your abilities, talents, gifts, and liabilities.
- (4) Life Chakras Report – Not as silly as it may sound, but an in-depth analysis of the nodal system of the entire solar system producing an index of your likes and dislikes. Are you a Nay sayer or a Yea sayer to life. Find out.

All of these complete full reports can be ordered now from the web site with a computer browser (not a phone). Orders on mobile devices coming soon.
