

LAST QUESTION: AND THE SIXTIES DID WHAT PLEASE?

December 30, 2010

By Michael Erlewine (Michael@Erlewine.net)

Ok, this will be the last Sixties question and the hardest, but I hope all of you will pitch in and be heard. This is also perhaps the most important question of all.

(1) In your opinion, what result in today's world have the Sixties brought about or aided?

(2) How intact are the Sixties values in your life today?

(3) What Sixties activities are you still involved in?

Graphic: This is a poster I designed and silkscreened back in the late 1960s. I also designed the logo for Eden Foods as this quote states:

From "History of Erewhon: Natural Foods Pioneer in the United States" by William Shurtleff and Akiko Aoyagi.

"The date of incorporation for Eden Foods, Nov. 4, 1969, was selected by an astrologer, Michael Erlewine, because it was astrologically propitious. Michael also designed the Eden logo of four sprouts in a circle."

This logo is still used today by Eden Foods. I am proud to have been involved with this fine company.
